

Miss Me

Written by Jervis Campbell

Words wont be enough
To tell you of all of my love
What I'd give to feel now your touch
I miss you so much

And I know that I'm far away
But for you I always pray
Don't you see its never the same
All of these places
Without you they fade
Without you they fade

Do you miss me, darling?
Do you miss how I hold you?
Do you miss me, darling?
Do you miss me the way I miss you?
I hope you do

And the days they feel like they're months
For the distance to be undone
Don't you worry our day will come
So remember the good times
Remember my love
Remember my love

Do you miss me, darling?
Do you miss how I hold you?
Do you miss me, darling?
Do you miss me the way I miss you?
I hope you do

And if I had you in my arms
I would keep you safe from harm
And if I had you by my side
Don't you know we'd be alright
And if I had you, I had you close
Darling I would let you know
That I love you
That I've got you
That I miss you

So do you miss me, darling?
Do you miss how I hold you?

Do you miss me, darling?
Do you miss me the way I miss you?
I hope you do
